**Acknowledgements: I would like to thank my mom and my friends who have encouraged me.**

**I would like to thank my friend David Britton who is here today helping in this presentation.**

Thanks to my class in Philosophy 110, for its curiosity and encouragement.

I would like to thank our teacher, Mr. Williams, who has reserved the time for this presentation.

I would mostly like to thank God for the opportunity to use my cartoon archive in this special and unique way.

Even though all the above wasn't spoken, it is truly heartfelt.
